|                    |                          | SVKB(X)  |

For close-off pressure reference Select Pro or retrofit technical documentation.

# **Product features**

Default/Configuration

The default set up for a SGVL linkage will be factory installed along with a LV or SV series actuator. Included in the kit will be all the necessary hardware to facilitate mounting to the Schneider valve.

### **Dimensions**

| Туре | Weight           |
|------|------------------|
| SGVL | 1.1 lb [0.50 kg] |

On/Off, Floating Point, Electrical Fail-Safe, Linear, 120 V

# Footnotes

Materials

Housing material

† Use flexible metal conduit. Push the listed conduit fitting device over the actuator's cable to butt against the enclosure. Screw in conduit connector. Jacket the actuators input wiring with listed flexible conduit. Properly terminate the conduit in a suitable junction box. Rated impulse Voltage 800V. Type of action 1. Control pollution degree 3.

Die cast aluminium and plastic casing

### **Electrical installation**

### **X** INSTALLATION NOTES

(A) Actuators with appliance cables are numbered.

Actuators may be connected in parallel. Power consumption and input impedance must be observed.

Meets cULus requirements without the need of an electrical ground connection.

### **\** Warning! Live electrical components!

During installation, testing, servicing and troubleshooting of this product, it may be necessary to work with live electrical components. Have a qualified licensed electrician or other individual who has been properly trained in handling live electrical components perform these tasks. Failure to follow all electrical safety precautions when exposed to live electrical components could result in death or serious injury.
